

Acer palmatum 'Fireglow'

(Fireglow Japanese Maple)

Japanese maple is a middle size, low branching deciduous tree with outstanding leaf color in fall. The leaves are deeply lobbed with many attractive colors such as yellow, orange, red, purple. In mid spring small clusters of flowers appear followed by large winged fruit. Japanese maple is excellent in any garden with any size even as a patio plant in pots. **Fireglow** is an impressive, vigorous, reliable tree that has fire-red leaf color.
