Prunus dulcis

(Almond)

"The coming of spring in Lebanon is announced by white and pink Almond tree blossoms appearing everywhere in early March through April from the coast up to an altitude of 1800 meters. The Almond is cultivated in orchards, but trees can also be found growing in the wild, in forests and woodlands, in abandoned orchards, in open shrub lands, between rocks, and on dry limestone slopes. The trees that grow in the wild produce bitter or semi-sweet almond seeds. Their bitterness comes from a compound that turns into the poison cyanide when it comes into contact with water. This economically important tree has a spreading crown and can grow up to eight meters high. Its leaves are elongated, toothed, and egg-shaped, and they grow in clusters from short stubs on the branches." *

Prunus dulcis

(Almond)

Flower Image

Botanical Description

Foliage

Leaf Arrangement: Alternate Leaf Venation: Pinnate Leaf Persistance: Deciduous Leaf Type: Simple Leaf Blade: 5 - 10 cm Leaf Shape: Oblanceolate Leaf Margins: Serrulate Leaf Textures: Fine Leaf Scent: No Fragance Color(growing season): Green Color(changing season): Yellow, Brown

Flower

Flower Showiness: True Flower Size Range: 1.5 - 3 Flower Sexuality: Monoecious (Bisexual) Flower Scent: Pleasant Flower Color: White, Pink Seasons: Spring

Trunk

Trunk Susceptibility to Breakage: Suspected to breakage Number of Trunks: Multi-Trunked Trunk Esthetic Values: Not Showy Fruit Fruit Type: Nut Fruit Showiness: True Fruit Size Range: 3 - 7 Fruit Colors: Green

Seasons: Spring

Prunus dulcis

Horticulture Management

Tolerance Frost Tolerant: Yes

Heat Tolerant: Yes Drought Tolerant: Yes Salt Tolerance: Moderate

Requirements

Soil Requirements: Clay, Sand Soil Ph Requirements: Acidic, Neutral Water Requirements: Moderate, Low Light Requirements: Full

Management

Toxity: No Invasive Potential: No Pruning Requirement: Needed, to develop a strong structure Fruit/ Leaves/ Flowers litter: No Surface Rooting: No Life Span: 25-50 years Edible Parts: Fruit Plant Propagations: Seed, Grafting
